

# Flite Test Versa Wing build party!

**When: Saturday February 15th! 2025**

**Where: Tim's Man Cave in Fallbrook**

**Time: 10:45AM ~ 3:00PM** (starting after PRCF monthly meeting)

*For more information and directions please call Tim Hitchcock  
@ 442-254-8379 or email: [hitchx4@gmail.com](mailto:hitchx4@gmail.com)*

*BBQ will be available to grill your favorite meat! We will break for lunch!*

**Please bring the following stuff to the build party:**

1. Large glue sticks and glue gun.
2. X-acto knife and multiple blades.
3. \$6.00 donation to cover my cost.
4. Something for the BBQ and your favorite refreshment.

***PLEASE LET ME KNOW HOW MANY VERSA WINGS YOU WANT!*** I will provide the foam boards, FT Versa Wing templates, aluminum motor mount, fiberglass tape, battery box stiffeners, and a fun positive build environment.

**Recommended additional parts your need to finish your FT Versa Wing:**

Cobra 2213/12, kv-2000 motor

Or

Turnigy D2826/6, kv-2200 motor *or equivalent*

30 to 35-amp ESC, (*I'm using the Turnigy Plush 30A*)

APC 6 X 5.5 prop

Servos 14.7g (2ea), Turnigy TGY 9018MG or better.

2200 mAh 3S 11.1v (120c) LiPo battery. (ZEEE batteries seem to be working well)!
